

Winning with HONOR[®] Champion Drive Topdress

Champion Drive Topdress by HONOR[®] Nutrition is an excellent source of high quality proteins. This product was formulated with the express purpose of producing the “look” in show animals. Many supplements or feed additives have similar nutrient content, however Champion Drive Topdress is manufactured with the highest quality select fishmeal, spray dried eggs, and spray dried milk products. It is the ingredients in Champion Drive Topdress that set it apart from the competition.

Also included in this product is Tasco kelp meal. University research has shown Tasco to lower body temperatures in cattle during heat stress. Tasco kelp meal is included in the Champion Drive Topdress to not only keep lambs, pigs, and calves on feed during hot weather conditions, but to stimulate voluntary feed intake.

Also included in Champion Drive is L-Carnitine. This compound has been shown to increase loin eye area in swine, and improve reproductive performance in sows. Champion Drive Topdress does not contain added copper or other trace minerals making it safe for lambs. Champion Drive Topdress also contains the full compliment of fat and water soluble vitamins, plus added biotin to protect hoof pads and added pantothenic acid which has been shown through research to increase percent muscle.

Champion Drive was field tested in the Summer of 2003 with excellent results, producing the Grand Champion Barrow at the Wisconsin State Fair, and the Champion Spot and Reserve Champion Yorkshire Barrows at the Missouri State Fair. And that was just the start. We have had numerous Grand Champions across the nation each and every year over the past 4 years. Champion Drive Topdress is excellent for providing the extra nutrients you will need when pushing or holding show animals. The visual response you will see is due to the high quality ingredients included in Champion Drive. Champion Drive Topdress contains 32% crude protein and 5.0% crude fat, and is packaged in a 25 lb HONOR[®] bucket. HONOR[®] Nutrition as always, strives to provide great nutrition at a great value.
