HONOR POWERFILL™

HONOR POWERFILL™ is a cutting edge nutritional concept. It's everything you need in one bag. Packed with the highest quality protein and fat sources, HONOR POWERFILL™ provides power packed nutrition in every mouthful for your pig. Modern judging criteria requires your pig to be fresh, heavy yet soft muscled, pretty, and have a full production look. That means rib shape, muscle, cover, and gut fill; hence the name POWERFILL.

Take a look at the ingredient inclusions and you will agree HONOR POWERFILL™ combines all the things you have been mixing by hand and then some.

POWERFILL also contains TASCOTM. TASCOTM has been shown to help lower body temperatures during heat stress, improve circulation and give your pig more stamina in the show ring.

HONOR POWERFILL™ is very palatable. There is no need to mix with water, however you can do so if desired.

EVERYTHING IN ONE BAG

Very high quality protein sources are included to provide a high nutrient digestibility. These protein sources include 9 different ingredients normally reserved for very young piglet diets. In addition, 6 different energy sources are included. Other ingredients include:

- Oat Groats
- Beet Pulp
- Zinpro (zinc methionine)
- Vitamins
- Minerals
- TASCOTM

FEEDING DIRECTIONS:

Pushing: Replace 2 lbs of daily feed with 2 lbs of HONOR POWERFILL™

Slowing: For 1 lb per day gain – feed 3 lbs per day HONOR POWERFILL™.

For 1 ½ lbs per day gain – feed 4 lbs per day of a 50:50 mixture of HONOR POWERFILL™, and HONOR Showpig Grower.

Holding: Feed 1 ¾ lbs HONOR POWERFILL™ and 1 lbs HONOR Champion Drive Topdress per day.

The directions above reflect feed intakes for pigs 200 lbs in bodyweight or higher. Gain and daily feed will depend upon weight of the pig. (Powerfill can be fed to lighter pigs).

Honor POWERFILL™

Cutting Edge Nutrition, A New Concept in Showpig Feeding

Manage weight gain while you keep pigs FRESH, developing MUSCLE, laying down COVER, and creating FILL all in a 3 lbs/day feeding rate.

FEATURES	BENEFITS
Quality protein sources	Great muscle building and shape, excellent for retaining muscle shape and freshness when holding
Immunoglobulins	Improves palatability and immune function
High energy formula	Not only builds muscle and shape, but “soft” muscle, adds body condition
High essential fatty acid formula	Aids in hair and skin condition
TASCO™	Vaso-dilator that helps reduce body temperature during heat stress, increase stamina, and improve overall health of the pig
Zinc Methionine Complex	Zinpro promotes healthier hair and skin
High fiber	Creates fill, helps keep pig satisfied during holding periods
Low feeding rate	Everything the pig needs in 3 lbs per day feeding
Convenient - Everything's in the bag	No more mixing beet pulp, fishmeal, milk replacer, eggs, Red Cell, vitamins and or minerals
Extremely palatable	Pigs begin consuming immediately, excellent for boars at shows and sales
Nutrient dense/ingredient complex	Great for holding, slowing, or pushing pigs
Compatible with other products	Works great with Champion Drive Topdress or in combination with HONOR Showpig Fitter
Compatible with other brands	Works great with Show Chow or HONOR products
Wet or dry feeding	No need to add water

FEEDING DIRECTIONS

Holding Feed 2 ½ to 3 lbs/day
 Slowing Feed 3 to 4 lbs/day (or 50:50 with regular feed @ 4 lbs/day)
 Pushing Feed 1 – 2 lbs/day mixed in with regular feed
 Excellent with HONOR Champion Drive Topdress
