Powerful Performance. Winning Results.

Showpig Fitter

Honor® Show Chow® Showpig Fitter is a uniquely formulated diet for pigs over 200 pounds who are headed to the show ring. Feed Showpig Fitter the final three weeks prior to show for the "ultimate" show ring condition and look.

Showpig Fitter is also flexible enough to be fed and used as a holding ration. Honor® Show Chow® Powerfill® is another excellent option as a holding ration.

Showpig Fitter and Powerfill® help you realize your dreams of stepping into the spotlight!

FEATURES	BENEFITS
Unique amino acid profile	Helps maximize muscle definition, helps pigs "pop" at the right time
Digestible amino acid formulation	Accurate and predictable amino acid requirements
Ideal energy to amino acid ratio	Provides sufficient nutrient profile to stimulate muscle definition and proper amount of fat
Complete protein, mineral and vitamin fortification	No additional supplementation is necessary
"Meal" feed form makes paste when mixed with water	Proprietary formulation delivers best results when used for at least 3 weeks prior to show

FEEDING DIRECTIONS

Honor® Show Chow® Showpig Fitter is intended to be fed to show pigs weighing more than 200 lbs. Showpig Fitter is a complete feed with no other fortification required.

Mix Honor® Show Chow® Showpig Fitter with sufficient water to make a moist paste. Feed at the rate of 3 to 5 lbs. per head per day depending upon weight and condition of pig and time remaining until show. Best results occur when fed continuously for at least 3 weeks prior to show.

Reminder:

Feed is perishable and should be stored in a clean, dry, well-ventilated area so it will remain fresh and palatable. DO NOT feed moldy or insect infested feed to animals as it may cause illness, abortion or death.

Fresh, clean water should be available at all times.
